- + Talks by industry participants.
- + Presentation from IISc on sponsoring projects

“

The Indian Institute of Science invites industry for an exciting day of interaction with research students in all branches of science and engineering, to explore opportunities for hiring and internships. With around 40 departments spread across 6 divisions and over 300 doctoral students graduating each year, the institute offers an unmatched pool of research talent covering a wide range of industry sectors. The institute has consistently scored the top rank among universities in India from various national and international agencies and attracts the best faculty and students.

”

Industry Registrations

Registration Fees is Rs. 15,000 for each industry. This provides participation for 2 delegates, space in a display area to advertise and interact, and the opportunity to deliver a talk in a parallel session. Additional delegates/individuals will be charged at Rs. 1000/- per head. Lunch coffee and snacks will be provided at the event.

Online Registration opens on September 15th and closes on 26th. Spot registrations will be available only for individual delegates at Rs 2000 per head.

Event Sponsorship opportunities are available.
